In response to the Notice of Allowance dated April 8, 2004, Applicant submits the following comments set forth below.

Applicant does not agree that the one or more reasons stated by the Examiner for allowance of any of the claims during the prosecution of the above-identified patent application are the only reasons for allowance of such claims. Therefore, while Applicant believes the claims are allowable, Applicant does not acquiesce that patentability resides in only the features and/or reasons identified by the Examiner.
